

15 December 2014

Dear Carole

The Christmas lunch at Southern End was most enjoyable and we appreciate your club's invitation to join with you to celebrate the festive season.

We had a committee meeting on the 10 December when your request to a joint approach to membership was raised. The general consensus was that, at this stage, there is no need for this formality; if we were to maximum capacity, we would automatically inform/advise a prospective member of our sister club and the possibility of a vacancy or a shorter waiting list. If both clubs were full, the intended member would then have to make their own decision as to whether they go on the list of a specific club or both Probus clubs.

Thank you for your suggestion.

Yours sincerely

Cliff Jefferson
President
Denmark River Probus Club
